CEALED PROPOSALS, endorsed "Proposals for

SEALED PROPOSALS, endorsed "Proposals for Timber or Lumber," as the case may be, (naming the yard and class for which the offer is intended,) will be received by this Bureau until 3 o'clock p. m. of the 11th September next, for furnishing and delivering, under contract, at the several navy yards bereinafter named, the timber, lumber, and other articles embraced in this advertisement. One-fourth of the whole quantity required at each may yard must be delivered on or before the first of July; one-fourth on or before the first of November; and one-fourth on or before the first of November; and one-fourth on or before the thirtieth of December, 18-1. In case of failure to deliver the articles within the times and in the proportions specified, the furcau or the several commandants to have the right to supply deficiencies by purchase, and the contractor and his sureties to be responsible in twice the contractprice.

All the aforesaid timber, lumber, and other articles must be of the very best quality, subject to the inspection and measurement, and in all other respects in conformity to the stipulations contained in the printed rules established for the inspection and measurement of timber for the inspection and measurement of timber for the navy of the United States, (copies of which may be seen at either navy yard or navy agent's office.) All articles delivered are required to be, in all respects, satisfactory to the commandant of the yard or station where delivered.

Bidders are particularly referred to the instructions in the "printed rules" alluded to, in framing their offers.

The white oak timber must be rough-squared,

their offers.

The white oak timber must be rough squared. The white oak timber must be rough squared, according to the growth of the tree; to have no wane exceeding one fourth of the width of the face of the side as squared. All the yellow pine timber must be of the very best quality of long leaf fine grain Southern yellow pine, to be hewed to a fair edge, and to have no more sap than one-eighth of the breadth of the face from each corner; the contents of all sap to be excluded in the measurement of the timber. The oak must be felled between the first of October and the first of March, and must have grown within sixty miles of the sea the first of October and the first of March, and must have grown within sixty miles of the seacoast; must be stripped of the bark or hiewed within twenty days after it it is felled, and placed clear
of the ground, of which satisfactory evidence must
be given by the contractor, by the production of
certificates signed by two respectable witnesses,
with their deposition on oath before some judge of
the court or magistrate within the township or
county where the timber was lelled.

Persons offering for more than one yard or class
must make separate and distinct proposals for the
supply of each, keeping the classes of articles separate, and embracing the whole quantity of all the
articles in the class. The cost of each item must be
distinctly carried out, and the aggregate of each

distinctly carried out, and the aggregate of each class correctly footed up, which is material to a fair comparison of bads. No extension of time for deliveries, under any

circumstances, will be granted; and penalties for nen-fuilimment will in all cases be rigidly enforced; bidders are therefore requested to offer for no more than they are sure they can furnish within the time

 *pecified.
 The price of all manufactured or sawed lumber estimated and determined by board measure;

will be estimated and determined by board measure; the square and round timber, unless otherwise specified, by the eubic foot.

Approved sureties, in twice the estimated amount, will be required in the manner set forth in the contract, and ten per centum in addition will be withheld from the amount of each payment as collateral security for the faithful performance of the contract. Ninety per centum of each delivery will be paid by the navy agent within thirty days after the presentation of approved bills, in triplicate, by the commandant of the yard where the deliveries are made. re made.

Every offer must be accompanied by a written

Every offer must be accompanied by a written guaranty (the responsibility of the guarantor or guarantors to be certified to by a navy agent or other official person, or by some one known to the Bureau) that, if the offer be accepted, the bidder or bidders will, within ten days after receipt of the contract at the post office designated, execute the same with good and sufficient sureties to fur-

All offers not made in strict conformity with this 3,000 do 1

All offers not made in strict conformity with this advertisement in every particular, will be considered or rejected, at the option of this Bureau. Those only whose offers may be accepted will be notified, and contracts for warded without delay. Persons offering are directed to designate the post-office through which they desire to be addressed, and the navy agent to whom the contract shall be sent for execution.

will be more valuable to students or to the profession generally."—Law Reporter.

"Mr. Greenleaf's part in the work is not merely well, it is admirably, done. His notes are full of learning, carefully considered, and of most commendable brevity. He has had no ambition to magnify his office. He has not encumbered his pages with a showy display of cheap learning, nor imposed upon the profession the necessity of purchasing a mass of speculative discussion, of no practical utility.

The whole work, edited throughout as the first two volumes have been, will be one of the most valuable gifts ever bestowed upon the legal profession, and will add essentially to Mr. Greenleaf's already extended reputation."—North American Review. American Review.

2. ANGELL ON COMMON CARRIERS.—One vol. 8vo. A Treatise on the Law of Carriers of Goods and Passengers by Land and Water. By Joseph K. Angell.

"His work will be valuable to every practising lawyer in the country, and ought to have a place in every library. We are happy to learn that it has been thus far well received, and we have no doubt that experience will vindicate the correctness of these first impressions."—Law Reporter.

"It is a monument of industry, learning and research, which will prove of great utility in the practice of law and in the business of life, and, we think, cannot fail to add to the well-earned fame which Mr. Angell has already acquired as a law yer and writer on many important and interesting subjects connected with his profession."

THE WILD CHERRY AND SARSAPARILLA, which, on the basis of this preparation, have long been celebrated in Consumption and Scrofula, Discusse of the skin, Coughs, Colde, Spitting of Blood, Asthma, &c. Though this remedy has been but a short time before the public, yet it has gained perhaps more character and reputation as a curative in those discuses than any remedy of the day. The Bishop of the Protestant Episcopal church, (the Right Rev. W. R. Whittingham.) authorized us to say he has used it in his own person with decided benefit—Dr. S. Harper, of Kent Island, has written to us, he has used it with great success in his practice [see his letter in the pamphlet.] And in a letter from a lady on the Eastern Shore of this State, she says: "I had a letter from Miss Eon Tuesday; she says mother has requested her to say, Isabel derived almost instantaneous relief from DR. MARTIN'S SYRUP OF WILD CHERRY. Her disease was Consumption in its forming stage. The Boonsborough Odd Fellow, of Washington county, Maryland, June 20th, 1848, says: "When an article has afforded relief to so many persons as DR. MARTIN'S COMPOUND SYRUP OF WILD CHERRY has done, we feel bound to make it the way. There never was an article in this coun-Dr. Martin's Syrup of Wild Cherry and Sar-DR. MARTIN'S COMPOUND SYRUP OF WILD CHERRY has done, we feel bound to make it knewn. There never was an article in this country that has afforded relief and gave more satisfaction than this. In the neighborhood of Brownsville, in this county, it has effected several important cures, and, from our own certain knowledge of it, we pronounce it unequalied for the cure of Coughs, Colds, and diseases of this kind."

MARTIN AND WHITELEY'S NATIONAL

MARTIN AND WHITELEY'S NATIONAL TONIC.

A certain cure for Ague, Fever and Dyspepsia.—In our summer and fall months many sections of our country are prostrated by BILIOUS FEVER, and AGUE and FEVER. It has been our particular study to find out some remedy to stop this dreadful soourge, and think in this TONIC we have effected this great object. It is also, we think, the very best remedy in Dyspepsia, and, if our directions are followed, will not fail to effect a cure. In a letter dated May 23, 1849, our Agent, Mr. Elias Raub, of Wrightsville, York county, Penn, says: I have never known any remedy for Ferend Ague equal to your INVALUABLE NATIONAL TONIC. It has given universal satisfaction, and has cured cases of Ague of years' standing, and after the failure of all other medicines made due of. Mr. Henry Beverson, of the same place, says in his certificate dated 22d March, 1849: "I applied to a number of physicians, and also used a variety of the most popular Ague Mixtures at different times, but all without the desired effect, no permanent cure having been effected. I was at length induced, at the recommendation of your worthy agent at this place, to try a bottle of your NATIONAL TONIC, and to my great satisfaction, sefore I had used half of it, I let completely cured, though I continued the use of it till I had taken two bot ties." In a joint certificate from Messre. Miles Kaho, William Blackson, and James D. Brown, of the same place, they say: "Having tried nearly all the remedies within our reach without success, we at last purchased some of your NATIONAL TON. IC, which has completely cured us. We cheerfully recommend it to the notice of all persons afflicted with that terrible disease as the best remedy yet discovered."
